BRIEFLY ABOUT **US**

2008

YEAR OF
FOUNDATION

BonSite was established in **2008**. As of today, more than **75%** of our earnings are generated by the regular customers who are working with us for many years. We understand our development as an increase of information and marketing support of the existing projects and attraction of new clients.

Someone has such a competitive advantage as the price. Our competitive advantage is competence and effectiveness. Our clients make the same choice! They continue to work with us from year to year, to invest in Internet with pleasure and to obtain a tangible result.

In the course of work, we made more than **350** sites of diverse complexity, from simple informational sites (promo sites) to corporate sites and online shops.
